

BEAVER COVE TOWN OFFICE
SELECT BOARD MONTHLY MINUTES

September 23, 2024

Municipal Officer's present: Maria Mann and Rob West.
Others Present: Kim Larsen.

Meeting opened 6:32

1. Minutes approved for August 2024 minutes approved and signed.
2. Treasurer's Reports for August 2024 reviewed and approved. Auditor was here, she said things were looking good so far.
3. Tax Collector and IFW August 2024 reports reviewed and accepted. Assessor could be coming anytime.
4. Safety / Roads & Emergency Management update: Nick and Rob drove around and found possible sites for a cistern. Nick will be talking with Sawyer. Nick had numbers from the hospital cistern but felt the horse power would be much more than what the Town needs so prices would be lower for us. Typical cistern does not need that high a horse power. Bill had asked for 10,000. to do ditching on Black Point Rd and Balsam could be another issue that would be looked at. Also cleaning up sides of the roads so no damage to the plow trucks. Rob would like to have a meeting with Bill and Mike at some point.
5. LUPC: Kim printed off the list of permits she got from LUPC main office for the Assessor. The list shows 14 permits for 2024, 7 for 2023, and 23 for 2022. These do not include the buildings that should be assessed that do not require a permit.
6. School Update
7. Budget Update:
8. Old News: Rob purposely did not reach out to Premium Broadband because poles were still be placed, obviously still work to set in place.
9. New News: General Assistance Inspection went well, everything posted where it needed to be, documents in place and easily assessable.

Rob had a good conversation with Jamie in doing a building and grounds report. See attachment. Jamie has decided to resign see attachment. Maria mentioned she had talked with Allie St. Jean about Tracer her son possibly taking that position.
